Geo. M. Bacon
State Engineer
Salt Lake City, Utah

Dear Sir:

Your communication appointing me your representative with authority to make a series of measurements of the flow of water in the Sand Wash, Montez and Dry Gulch Creeks without compensation is acknowledged.

Our Board of Directors have considered this matter and have sanctioned my spending some time to make the measurements at the Company's expense and I accept the appointment and our Board of Directors wish to express their appreciation to you for your action in this matter.

LG:HO

Yours very truly,

Louie Galloway
Secretary,
